ABOUT THE CHARITY

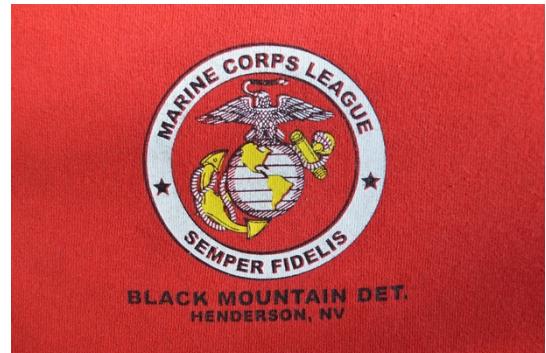

BLACK MOUNTAIN DETACHMENT

The Black Mountain Detachment supports many Veterans-related activities. Our 5K event also helps us to support the Devil Pups Program of Southern Nevada. For several years, young people between the ages of 14-17 have enjoyed the summer experience of a ten-day encampment at the

US Marine Corps' School of Infantry at Camp Pendleton, California where they gain self-confidence and leadership experience through increasingly challenging physical and mental tests. The program is designed to present challenging physical and motivation challenges prior to

the encampment and only the fittest and most highly motivated can attend. They join other youth from California, Arizona, and Utah in competing for honors. Since the implementation of this program, Southern Nevada Devil Pups have won numerous scholarships and awards for their performance. Thirteen Devil Pups from Southern Nevada have been selected for admission to America's service academies. In addition, the Pups participate in community projects, and each Memorial Day, they post and retrieve over 28,000 flags on the graves of Veterans in the state cemetery in Boulder City. The cost for sending a young person through the program is \$600. Because parents are not allowed to contribute to their child's encampment, the Devil Pups program is entirely funded by Veterans organizations and individual sponsors in the Las Vegas Valley.

"The Black Mountain Detachment of the Marine Corps League in Henderson, Nevada is pleased to be hosting the 3rd Annual Marines' Memorial 5K with our new partner, EVENTURE. This year's event will see several new features including a one-mile run/walk, collateral activities, chip technology for more accurate recording of times, digital clock displays at the midpoint and finish lines, and a USMC static display of equipment and vehicles. Our event will honor Marines and veterans of our brother services with a color guard and traditional Marine Corps cake-cutting ceremony celebrating the 243rd birthday of the United States Marine Corps. In addition, we will honor the Veterans of past wars including those who perished in the First World War I in 1918."

-Scott McKenzie, Lt.Col USMC (ret), Commandant of the Black Mountain Detachment, Marine Corps League

DEVIL PUPS OF SOUTHERN NEVADA

Devil Pups is a non-profit organization designed to help boys and girls from all backgrounds gain self-confidence and learn to take responsibility for their actions. The program is not a ‘mini boot camp’, para-military or recruiting organization for the Marine Corps. Devil Pups is a camp comprising 10 days of challenge, teamwork, discipline and education for boys and girls between the ages of 14 and 17.

The Devil Pups Program is a demanding physical and academic good citizenship program for young teenagers. It is important to mention that the program is more mental than physical; reflecting the ‘whole person’ concept. The program foundations are intellectual, spiritual, social and physical.

The 10-day program is a combination of outdoor physical exercises, inspirational classroom lectures and demonstrations of Marine Corps operations. The activities during both increments are overseen by our Encampment Commander and his executive staff (employees of Devil Pups, Inc.). Oversight of each platoon of 50 teens (5 male platoons, and 1 female platoon per increment) is carried out by non-commissioned officers (Marines) and Navy Corpsmen who give up their “leave time” to be instructors for the program. Each day, the running, diving, and hiking exercises are balanced with inspiring classroom sessions with people like: Charlie Bergin who was a teenage Marine at the Battle of Iwo Jima; and former NBA Forward Brad Wright, who credits Devil Pups with turning his life around after flunking the 8th grade. Our “Role Model” classroom segments are conducted by an assortment of board members, veterans, and Devil Pups alumni.

Before they can graduate on Day 10, they must conquer the most challenging obstacle Camp Pendleton has to offer...Ole' Smokey; the tallest peak on the 125,000 acre Marine Corps Base; the same peak that the new Marines hike to the top off at the end of Boot Camp. In a sunset ceremony on the mountains summit, they are officially christened as Devil Pups with the gift of a challenge coin, awarded with a firm handshake by their instructors. On the final day of the camp, we hold a graduation ceremony that friends and family are invited to. We hear stories every year from parents that couldn't believe the positive change they saw in their child when they picked them up at the graduation. One parent told us, “We sent our son to you as a child with a dream. You returned him to us as a young man with a purpose. What more could a mother wish for her son?”

As one Devil Pup put it: “I arrived at Camp Pendleton with an attitude and was convinced I would come back to civilian life just the same as how I left. When I graduated, I was changed and saw how I was throwing my life away just to impress the people I didn’t even care too much about. I realized that putting the welfare and needs of others first is more admirable than showing off to get attention. I saw in Corporal Soliz [my instructor] a man who committed himself to “God, Country and Honor.” I am convinced he saved my life too. Corporal Soliz is a hero and I will never forget him as long as I live. Sincerely, Brendan Kearney”. It’s testimonials like this that motivate us to keep doing what we’re

doing. Over 2,000 boys and girls apply for our 600 openings each year. Because of the limited availability of facilities and personnel on-base, we can only take 500 boys and 100 girls each summer. The 600 who pass our selection process are split into two, back-to-back, 10-day encampments — one in early July and the other in late July. Making certain those few weeks at Camp Pendleton are a success requires all 12 months of the calendar, and nearly a hundred volunteers throughout the Western US. We take teens from California, Arizona, Nevada and Utah, but primarily serve the Southern California Community. We have graduated 52,660 Devil Pups since 1954
